PUPA I am in this stage now:

Reasons:

- (i) I'm ready to free so I have to be careful.
- (ii) There will be many obstacles in my life, I'll break them and fly like a butterfly.
- (iii) As such there will be many ways to destroy me. For example: Financial problem, from which I must recover.
- (iv) I'm going to change into a very purposeful direction in my life and I'm also preparing for it.
- (v) I'm silently undergoing the change within me.
